firth day: Monday12th

The first day, we had to meet the group in our school and after we went to Geneva's airport.

When we arrived at the airport, I helped Mrs Pesenti to print the boarding pass while the teachers were looking for the rest of the group who was in the other side of the airport.

When all the groups were here, we could check our luggage but François had to have a doctor's prescription to be able to take the plane because he had a plaster. Then the teacher solved the problem, all the groups could take the plane and we took off at 6.30pm(the hour in France).

The flight happened without any problem. We landed in Liverpool at 5.30pm after we passed at the passport control After that, we were able to recuperate all luggage.

Then we met Andrew, our coach driver. He was nice and helpful. Andrew drove all the group to Chester for we were able to meet the families. Chester is a beautiful city.

Me and Marie-Caroline were the first to meet our family. It's a couple, Tracy and Paul. They

seemed nice at the first glance. We went to Paul and Tracy's house. They had a beautiful house.

While Tracy prepared our dinner, Paul showed us our bedroom. In the bedroom there were two beds, a cupboard and a big mirror.

When Marie-Caroline was in the shower, I called my mother to give her news. After I went to the shower. Their shower was strange and not practical.

After that, Marie-Caroline and me went to eat. We ate eggs and chips. I found this dinner strange. We didn't have desert, I didn't find it nice.

When we had finished dinner, we could watch a DVD. So we watched "Material Girls" a comedy with Hillary Duff and her sister.

At 10pm o'clock, we went to sleep because Tracy told us go to sleep. We were tired and we didn't speak a lot.

Tuesday 13th

Tuesday I woke up at 7 o'clock. I had spent a good night. Marie-Caroline and me dressed and after we went to eat. We had a glass of orange juice and a bowl of cereals. The cereals were not good so we went to eat other things in the bedroom.

At a time, Mrs Pflimlin spilled water on herself, I found that very funny, then Mrs Labourier took us to buy an Ice-cream which was delicious.

After that, we went to Blist Hill Victorian Town, It was very beautiful and we were very excited by the games. But after we played, we were tired so we slept in the grass.

At 4.30 pm we left Ironbridge to return at Chester. When we arrived in Chester, we went to a Supermarket. I found this very interesting and funny.

At 7.00 pm Marie- Caroline and me arrived in our family and we ate immediately. We had just two “hamburgers”, they were good but I wanted to have a desert.

In the evening I felt sad because my family wasn't nice. Later we watched the end of “Material girl” and the beginning of “sexy dance”. I felt happier.
